## **Registration/update of address, telephone number, and e-mail address, etc**

---

Due to the events following the disaster etc associated with the recent Tohoku Region and Pacific Offshore Earthquake, the Graduate School of Agricultural and Life Sciences/Faculty of Agriculture is updating the students' information system. The main purpose for this is to provide information on the safety of international students etc to the university main office in times of emergency.

Students of the University of Tokyo are able to register or update their contact information such as address etc, contact information of their parents/guardian, and contact information for emergency through UT-mate.

Prospective/current students are supposed to submit their contact information at the time of admission/enrollment. Accordingly, their information will be entered in the UT-mate (\*). Therefore, if students' address, telephone number, or e-mail address changes during their study period, they must log-on to the UT-mate and update the new information. Also, students whose contact information does not appear in the UT-mate must enter the required information. Please keep all of the contact information in the UT-mate updated regularly.

\*Research students do not have an access to the UT-mate system. If there is any change in address, telephone number, or e-mail, please come to the Students Center and report the change at the Graduate Student Section. If unable to come, report to the Graduate Student Section by e-mail: [daigakuin@ofc.a.u-tokyo.ac.jp](mailto:daigakuin@ofc.a.u-tokyo.ac.jp)

Security of the students' personal information is appropriately maintained by the University of Tokyo Rules Pertaining to Information Ethics.

For enquiries on this matter, contact the Graduate Student Section: Tel: 03-5841-5010

E-mail: [daigakuin@ofc.a.u-tokyo.ac.jp](mailto:daigakuin@ofc.a.u-tokyo.ac.jp)
