## Application Guidelines for Assistant Professor Position

Department of Biological and Environmental Engineering (Laboratory of Biological and Environmental Information Engineering) ,
Graduate School of Agricultural and Life Sciences, The University of Tokyo

1	Position	Assistant Professor
2	Number of Positions	One
3	Starting Date	April 1, 2023 (planned)
4	Term of Employment	5 years. The appointment may be renewed once. It will be for 5 years or less.
5	Work location	1-1-1, Yayoi, Bunkyo-ku, Tokyo (The University of Tokyo Yayoi Campus)
6	Affiliation	Department of Biological and Environmental Engineering, Laboratory of Biological and Environmental Information Engineering, Graduate School of Agricultural and Life Sciences, The University of Tokyo
7	Job Details	1)Research area: Areas related to Biological and Environmental Information Engineering.  2)Teaching responsibilities for undergraduate Subjects: Seminar in Biological and Environmental Engineering, Applied analysis and exercises I • II, Analysis of Information of Remote Sensing, Exercises of information processing, Practice of Surveying and Spatial Information Analysis, Field work in Biological and Environmental Engineering, Practice in Biological and Environmental Engineering, Graduate thesis, etc.  3)Education, research, and management related to Biological and Environmental Information Engineering.
8	Working Hours	Discretionary labor system: Working hours is deemed as 7 hours and 45 minutes per day
9	Days Off	Saturdays, Sundays, national holidays, and year-end through New Year holidays (from December 29 to January 3 of the following year).
10	Salary	Basic Salary will be decided taking your academic background, professional background, etc. into account. 12	Required Qualifications	1)Ph.D., an equivalent qualification, or evidence that either will be obtained by the starting date.  2)The applicant must have outstanding research achievements in the field of Biological and Environmental Information Engineering, especially by applying remote sensing and other types of sensed data to the agriculture or environmental issues, and can actively provide education, research guidance, and experimental guidance to students as chasing any fundamental and advanced research topics in the field of Biological and Environmental Information Engineering.  3)The applicant must be able to teach the subjects listed in 2),3) of 7. above in both Japanese and English. The applicant must have proficiency in Japanese.
13	Application documents	1)Curriculum vitae (Please use The University of Tokyo Standard Resume Form, downloadable from the following link: https://www.u-tokyo.ac.jp/en/about/jobs.html)  2)List of academic publications  3)Reprints of major papers, not more than 3  4)Educational Achievements  5)Social contributions (academic society activities, committee activities, etc.)  6)Summary of research until now (about 400 words in English or 800 characters in Japanese)  7) Research direction after assuming the position (about 400 words in English or 800 characters in Japanese)  8) Educational plans and aspirations (about 400 words in English or 800 characters in Japanese)
14	Application Deadline	All documents must be received on or before (Friday, January 27, 2023).
15	Application method	After screening of the application materials, short-listed candidates will be interviewed.  Application documents should be sent as a set of PDF files with a password to agyoshi[at]mail.ecc.u-tokyo.ac.jp (please replace [at] with @) with the subject line "Application documents". If the total file size of the documents exceeds 10 MB, send the documents in separate emails so that the attachment size for each email does not exceed 10MB. Make sure of receipt acknowledgement of any documents from agyoshi[at]mail.ecc.u-tokyo.ac.jp (please replace [at] with @).
16	Contact Information	1-1-1, Yayoi, Bunkyo-ku, Tokyo, 113-8657 JAPAN Graduate School of Agricultural and Life Sciences, The University of Tokyo Department of Biological and Environmental Engineering (YOSHIDA Shuichiro) TEL: +81(0)3-5841-5344 E-mail: agyoshi[at]mail.ecc.u-tokyo.ac.jp (Please replace [at] with @.)
17	Probation Period	There will be a six-month probationary period at the beginning of the appointment.
18	Employer	The University of Tokyo
19	Additional Information	Please note that application documents will not be returned.  Personal information obtained through this application process will be used only for the screening and the recruiting of the applicants, never for any other purpose.  The University of Tokyo promotes gender equality. We encourage applications from female researchers.  During the period of employment, sharing controlled technology to you may be prohibited by FEFTA and it may become difficult to achieve your job as a faculty or a staff member of the University if you are under the control of a foreign government, corporation or university by contract, or under the control of a foreign government by economic interests. In such a case, you need to keep the contract or interests within the range that does not incur such restrictions.  We'll take your English and Japanese language skills into account.
