The method of communicating the password will be left to the discretion of the applicant.
16	Contact Information	1-1-1, Yayoi, Bunkyo-ku, Tokyo, 113-8657 JAPAN Graduate School of Agricultural and Life Sciences, The University of Tokyo Department of Applied Biological Chemistry Koji NAGATA TEL: +81(0)3-5841-1117 E-mail: aknagata[at]g.ecc.u-tokyo.ac.jp (Please replace [at] with @.)
17	Probation Period	There will be a six-month probationary period at the beginning of the appointment.
18	Employer	The University of Tokyo
19	Additional Information	Please note that application documents will not be returned. Personal information obtained through this application process will be used only for the screening and the recruiting of the applicants, never for any other purpose. The University of Tokyo promotes gender equality, and in accordance with the provisions of Article 8 of the "Equal Employment Opportunity Law" (special provisions regarding measures for female workers), this open recruitment is limited to female applicants as a measure to proactively improve the current situation where the percentage of female faculty members is considerably low. During the period of employment, sharing controlled technology to you may be prohibited by FEFTA and it may become difficult to achieve your job as a faculty or a staff member of the University if you are under the control of a foreign government, corporation or university by contract, or under the control of a foreign government by economic interests. In such a case, you need to keep the contract or interests within the range that does not incur such restrictions. We will take your English and Japanese language skills (speaking, hearing, reading, writing) into accounts. Please refer to the following website for an overview of the Graduate School and Faculty, undergraduate education, etc. https://www.a.u-tokyo.ac.jp/english/
