

Application Guidelines for Professor Position
 Department of Applied Biological Chemistry,
 Graduate School of Agricultural and Life Sciences, The University of Tokyo

1	Position	Professor
2	Number of Positions	One
3	Starting Date	December 1, 2023 or the earliest possible date thereafter
4	Term of Employment	Non fixed-term
5	Work location	1-1-1, Yayoi, Bunkyo-ku, Tokyo (The University of Tokyo Yayoi Campus)
6	Affiliation	Department of Applied Biological Chemistry Graduate School of Agricultural and Life Sciences, The University of Tokyo
7	Job Details	1)Field of Research: Studies on Bioactive Substances Contributing to Agricultural Chemistry and Related Fields 2) Teaching responsibilities: (Undergraduate School) Lectures related to Organic Chemistry and Natural Product Chemistry, Experiments in Biological Chemistry and Biotechnology, Exercise in Biological Chemistry and Biotechnology (Graduate School) Lectures related to Organic Chemistry and Natural Product Chemistry, Biological Chemistry Frontier, Selected Experiments (I, II, III) in Applied Biological Chemistry, Seminar in Applied Biological Chemistry, Special Seminar in Applied Biological Chemistry
8	Working Hours	Discretionary labor system: Working hours is deemed as 7 hours and 45 minutes per day
9	Days Off	Saturdays, Sundays, national holidays, and year-end through New Year holidays (from December 29 to January 3 of the following year).
10	Salary	Basic Salary will be decided taking your academic background, professional background, etc. into account. Wage Raise System: Yes Examples: Ph.D. / from JPY 340,000 per month Various Allowances: Bonus (twice a year), Commuting Allowance (basically up to JPY 55,000 per month), and other allowances decided by the University
11	Insurance	Appointees will be enrolled in the Mutual Aid Association of Ministry of Education, Culture, Sports, Science, and Technology as well as employment insurance.
12	Required Qualifications	1) Ph.D., an equivalent qualification, or evidence that either will be obtained by the starting date. 2) The candidate has excellent research achievements and excellent research achievements and educational abilities, and is able to actively engage in educational guidance for students with enthusiasm. 3) The candidate should be able to conduct innovative and cutting-edge research on biologically active substances to elucidate the mechanisms of various phenomena inside and outside living organisms, to enable the control of such phenomena using chemistry as a basic technology, and to contribute to solving various problems related to food, life, and the environment. 4) The candidate is able to take charge of the lectures and exercises indicated in 7 above.
13	Application documents	1) Curriculum vitae (Please use The University of Tokyo Standard Resume Form, downloadable from the following link.) https://www.u-tokyo.ac.jp/en/about/jobs.html 2) List of academic publications (original articles, book, review, invited lecture, patent, etc.) Underline the candidate's name and write * for the corresponding Author 3) List of educational achievements (classes in charge, part-time lectures, etc.) 4) List of social contribution (society activities, committee activities, etc.) 5) List of competitive funds (past 10 years or so) 6) Reprints of major publications (reprint or photocopy), up to 10 (Attach a summary (in English or Japanese) of each paper, including originality, noteworthy points, your own contribution, etc.)

		<p>7) Self-evaluation of your research to date and your research plan and aspirations at the Graduate School of Agricultural and Life Sciences, the University of Tokyo (within 2000 words)</p> <p>8) Educational policy for undergraduate and graduate students at the Graduate School of Agricultural and Life Sciences, The University of Tokyo (about 1000 words)</p> <p>9) Name, affiliation, title and contact (postal address, telephone number and mail address) of two references</p>
14	Application Deadline	<p>All documents must be received on or before Monday, August 21, 2023.</p> <p>After screening of the application materials, short-listed candidates will be interviewed.</p>
15	Application method	<p>The application documents should be mailed to Prof. Koji NAGATA, a contact person indicated below, by registered air mail or a courier service that keeps a record of delivery. Indicate "Application documents for Professor" on the envelope. In addition to sending the documents in paper form, please compile them into a single pdf file, set a password, and sent by e-mail to Prof. NAGATA. The method of communicating the password will be left to the discretion of the applicant.</p>
16	Contact Information	<p>1-1-1, Yayoi, Bunkyo-ku, Tokyo, 113-8657 JAPAN</p> <p>Graduate School of Agricultural and Life Sciences, The University of Tokyo</p> <p>Department of Applied Biological Chemistry</p> <p>Head of the Department Koji NAGATA (永田 宏次)</p> <p>TEL: +81(0)3-5841-1117</p> <p>E-mail: aknagata[at]g.ecc.u-tokyo.ac.jp (Please replace [at] with @.)</p>
17	Probation Period	<p>There will be a six-month probationary period at the beginning of the appointment.</p>
18	Employer	<p>The University of Tokyo</p>
19	Additional Information	<p>Please note that application documents will not be returned.</p> <p>Personal information obtained through this application process will be used only for the screening and the recruiting of the applicants, never for any other purpose.</p> <p>The University of Tokyo promotes gender equality. We encourage applications from female researchers.</p> <p>Status of measures to prevent second-hand smoke: No smoking on the premises (There is a smoking area outdoors)</p> <p>During the period of employment, sharing controlled technology to you may be prohibited by FEFTA and it may become difficult to achieve your job as a faculty or a staff member of the University if you are under the control of a foreign government, corporation or university by contract, or under the control of a foreign government by economic interests.
