

Application Guidelines for Professor Position  
 Department of Aquatic Bioscience (Aquatic Life Science Division) ,  
 Graduate School of Agricultural and Life Sciences, The University of Tokyo

1	Position	Professor
2	Number of Positions	One
3	Starting Date	April 1, 2024 (planned)
4	Term of Employment	Non fixed-term
5	Work location	1-1-1, Yayoi, Bunkyo-ku, Tokyo (University of Tokyo Yayoi Campus)
6	Affiliation	Department of Aquatic Bioscience, Aquatic Life Science Division Graduate School of Agricultural and Life Sciences, The University of Tokyo
7	Job Details	1)Research Field: Aquatic Life Science 2)Research: Pioneering the frontiers of research on the processes and mechanisms that produce components useful for human life from aquatic organisms, based on knowledge and technologies in marine biochemistry, biology, and bioengineering. 3)Lectures, seminars, and experiments (courses): (Undergraduate course) Aquatic Food Science, Aquatic Natural Products Chemistry, Food and the Environment, Marine Life Science, Experiments in Aquatic Bioscience IV, Graduation Thesis (Graduate course) Methodology in Aquatic Life Science, Aquatic Natural Products Chemistry, Seminar in Aquatic Natural Products Chemistry, Seminar in Aquatic Bioscience I (Aquatic Natural Products Chemistry), Selected Topics in Aquatic Bioscience I & II, Seminar in Aquatic Bioscience II, Research in Aquatic Bioscience I & II
8	Working Hours	Discretionary labor system: Working hours is deemed as 7 hours and 45 minutes per day
9	Days Off	Saturdays, Sundays, national holidays, and year-end through New Year holidays (from December 29 to January 3 of the following year).
10	Salary	Basic Salary will be decided taking your academic background, professional background, etc. into account. Wage Raise System: Yes Examples: Doctor / from JPY 340,000 Various Allowances: Bonus (twice a year), Commuting Allowance (basically up to JPY 55,000), and other allowances decided by the University
11	Insurance	Appointees will be enrolled in the Mutual Aid Association of Ministry of Education, Culture, Sports, Science, and Technology as well as employment insurance.
12	Required Qualifications	1)Ph.D., an equivalent qualification, or evidence that either will be obtained by the starting date. 2)Excellent research achievements, and the ability to actively and enthusiastically educate and supervise students. 3)Ability to promote research in aquatic life science. 4)Ability to teach the above lectures, seminars, and experiments (courses).
13	Application documents	1)Curriculum vitae (Please use The University of Tokyo Standard Resume Form, downloadable from the following link: <a href="https://www.u-tokyo.ac.jp/en/about/jobs.html">https://www.u-tokyo.ac.jp/en/about/jobs.html</a> ) 2)List of academic publications (original articles, reviews, books, and miscellaneous) 3)Educational achievements 4)Social contributions 5)Acquisition history of competitive funds 6)Summary of research to date (about 1,000 words) 7)Policies and aspirations for future research and education (about 1,000 words) 8)Names, positions, and contact information of persons who can evaluate your research and educational background (2 persons) 9)Reprints/copies of major papers (up to 5)
14	Application Deadline	All documents must be received on or before (Friday, December 15, 2023). After screening of the application documents, short-listed candidates will be interviewed.
15	Application method	Please send an e-mail to the contact address "atakasuka[at]mail.ecc.u-tokyo.ac.jp (replace [at] with @)" to state your intention of the application to the position, and also send the "Application documents" 1) to 9) in a single PDF file (but 9) can be sent as individual files) with a password using an online storage or file transfer service, etc. The title of the e-mail should be "Application documents (Name) Professor, Department of Aquatic Biosciences". The method of password communication is at the discretion of the applicant. If you do not receive a reply confirming receipt of your application, please be sure to contact us by phone or e-mail so that we can confirm receipt of your application.
16	Contact Information	1-1-1, Yayoi, Bunkyo-ku, Tokyo, 113-8657 JAPAN Graduate School of Agricultural and Life Sciences, The University of Tokyo Department of Aquatic Bioscience, Director, Akinori Takasuka TEL: +81(0)3-5841-5307 E-mail: atakasuka[at]mail.ecc.u-tokyo.ac.jp (Please replace [at] with @.)
17	Probation Period	There will be a six-month probationary period at the beginning of the appointment.
18	Employer	The University of Tokyo
19	Additional Information	Please note that application documents will not be returned. Personal information obtained through this application process will be used only for the screening and the recruiting of the applicants, never for any other purpose. The University of Tokyo promotes gender equality. We encourage applications from female researchers. Status of measures to prevent second-hand smoke: No smoking on the premises (There is a smoking area outdoors) During the period of employment, sharing controlled technology to you may be prohibited by FEFTA and it may become difficult to achieve your job as a faculty or a staff member of the University if you are under the control of a foreign government, corporation or university by contract, or under the control of a foreign government by economic interests. In such a case, you need to keep the contract or interests within the range that does not incur such restrictions. We will take your English language skills into account.
