Application Guidelines for Associate Professor Position Department of Applied Biological Chemistry (Laboratory of Chemical Biology) , Graduate School of Agricultural and Life Sciences, The University of Tokyo

1	Position	Associate Professor
2	Number of Positions	One
3	Starting Date Term of Employment	August 1, 2025 or the earliest possible date thereafter Non fixed-term
5	Work location	1-1-1, Yayoi, Bunkyo-ku, Tokyo (University of Tokyo Yayoi Campus) Scope of change: The University will assign the faculty member to work at a designated location. () principle, the faculty member will not be reassigned or transferred against his/her will. For details, please refer to Article 4 of the Regulations Concerning the Employment of University of Tokyo Faculty Members.)
6	Affiliation	Laboratory of Chemical Biology, Department of Applied Biological Chemistry Graduate School of Agricultural and Life Sciences, The University of Tokyo
7	Job Details	1) Field of Research: Studies on Chemistry of Bioactive Compounds and/or Plant Hormones 2) Teaching responsibilities: (Undergraduate School) Organic Chemistry- and Natural Product Chemistry-related lectures, Experiments in Biological Chemistry and Biotechnology, Exercise in Biological Chemistry and Biotechnology (Graduate School) Organic Chemistry- and Natural Product Chemistry-related lectures, Biological Chemistry Frontier, Selected Experiments (I, II, III) in Applied Biological Chemistry, Seminar in Applied Biological Chemistry, Special Seminar in Applied Biological Chemistry Scope of change: The faculty member may be reassigned, concurrently assigned, or transferred to another position. (In principle, such an order will not be issued against his/her will. For details, please refer to Article 4 of the Regulations Concerning the Employment of University of Tokyo Faculty Members.)
8	Working Hours	Discretionary labor system: Working hours is deemed as 7 hours and 45 minutes per day
9	Days Off	Saturdays, Sundays, national holidays, and year-end through New Year holidays (from December 29
10	Salary	to January 3 of the following year). Basic Salary will be decided taking your academic background, professional background, etc. into account. Wage Raise System: Yes Examples: Doctor / from JPY 340,000/month Various Allowances:Bonus (twice a year). Commuting Allowance (basically up to JPY 55,000/month and other allowances decided by the University
11	Insurance	Appointees will be enrolled in the Mutual Aid Association of Ministry of Education, Culture, Sport Science, and Technology as well as employment insurance.
12	Required Qualifications	 Ph.D., an equivalent qualification, or evidence that either will be obtained by the starting date. The candidate has excellent research achievements and educational abilities, and is able to active engage in educational guidance for students with enthusiasm. The candidate should be able to advance cutting-edge research that elucidates the mechanisms o various phenomena occurring inside and outside living organisms with a focus on bioactive substances and/or plant hormones and enables their regulation based on chemistry as a fundamenta technology, thereby contributing to solving issues related to food, life, and environment. The candidate should have extensive knowledge and experience in chemical biology and/or plant hormone, science and should be able to take charge of the lectures and exercises indicated in Job Details above.
13	Application documents	 Curriculum vitae (Please use The University of Tokyo Standard Resume Form, downloadable from the following link: https://www.utokyo.ac.jp/cn/about/jobs.html) Declaration regarding past criminal penalties, administrative actions, and disciplinary actions due to sexual harassment and/or sexual violence etc. against students https://www.au-tokyo.ac.jp/wp-content/uploads/job/shobunrekiroushinkokusho_en.docs List of academic publications List of academic publications (complex) and the provided of the provi
14	Application Deadline	After screening of the application materials, short-listed candidates will be interviewed.
15	Application method	Please write "Associate Professor Application Documents Enclosed" in red on the envelope and set it by a method that can be traced, i.e. recorded delivery or ouriers such as FedEx/DHL etc. For applications from within Japan, in addition to submitting the printed documents as specified above, applicants must also send PDF files of the application materials. For applications from overseas, sending only the PDF files is acceptable. Before sending the files, applicants must first contact the above e-mail address and inquire about the specific sending procedures beforehand.
16	Contact Information	1-1-1, Yayoi, Bunkyo-ku, Tokyo, 113-8657 JAPAN Graduate School of Agricultural and Life Sciences, The University of Tokyo Department of Applied Biological Chemistry Head of the Department Hirosato TAKIKAWA (滝川 浩都) TEL: +81(0)3-5841-5119 E-mail: htakikawa[at]g.ecc.u-tokyo.ac.jp (Please replace [at] with @.)
17 18	Probation Period Employer	There will be a six-month probationary period at the beginning of the appointment. The University of Tokyo
19	Additional Information	Please note that application documents will not be returned.
