

Graduate School of Agriculture and Life Sciences The University of Tokyo
List of Faculty Members and Their fields of Specialization, AY2026
(Doctoral Course in Veterinary Medical Sciences)

Refer to this “List of Faculty Members and Their fields of Specialization” and enter them without omission in the application form.
However, It is not possible to select more than one field in the same field.
It is mandatory to include the special subject designated by your first-choice supervising faculty member among your selected subjects.

Affiliation	Fields of Specialization	Title	Faculty Name	Special Subjects
Graduate School of Agriculture and Life Sciences	Veterinary Theriogenology	Professor	INOKUMA Hisashi	Internal Medicine
		Professor	MATSUDA Fuko	Theriogenology
	Veterinary Anatomy	Professor	KANAI Yoshiakira	Anatomy
		Associate Professor	HIRAMATSU Ryuji	
	Veterinary Physiology	Professor	YAMANOUCHI Keitaro	Physiology
		Associate Professor	MATSUWAKI Takashi	
	Veterinary Pharmacology	Professor	HORI Masatoshi	Pharmacology
		Associate Professor	MURATA Takahisa	
	Veterinary Microbiology	Professor	HORIMOTO Taisuke	Microbiology
		Associate Professor	MURAKAMI Shin	
	Veterinary Public Health	Professor	HIRAYAMA Kazuhiro	Public Health
		Associate Professor	MIURA Kozue	
	Comparative Pathophysiology	Associate Professor	SEKIZAWA Shinichi	Pathophysiology
	Veterinary Pathology	Professor	UCHIDA Kazuyuki	Pathology
		Associate Professor	CHAMBERS James	
	Veterinary Surgery	Professor	NAKAGAWA Takayuki	Surgery
	Biomedical Science	Associate Professor	KAKUTA Shigeru	Biomedical Sciences
	Veterinary Internal Medicine	Professor	OKUDA Masaru	Internal Medicine
		Associate Professor	TOMIYASU Hirotaka	
	Veterinary Clinical Pathobiology	Professor	MOMOI Yasuyuki	Clinical Pathobiology
		Associate Professor	YONEZAWA Tomohiro	
		Associate Professor	MAEDA Shingo	
	Infection Control and Disease Prevention	Professor	HAGA Takeshi	Microbiology
	Molecular Immunology	Professor	GOTO Yasuyuki	Microbiology
		Associate Professor	SANJOBA Chizu	
	Applied Genetics	Professor	SUGIURA Koji	Theriogenology
	Cellular Biochemistry	Professor	TANAKA Satoshi	Physiology
		Associate Professor	KATAOKA Naoyuki	
	Veterinary Ethology	Professor	TAKEUCHI Yukari	Physiology
		Associate Professor	KIYOKAWA Yasushi	
	Veterinary Orthopedics	Professor	MOCHIZUKI Manabu	Surgery
	Veterinary Immunology and Vaccinology	Professor	MATSUMOTO Yasunobu	Microbiology
	Domestic Animal Reproduction and Nutrition	Professor	LI Junyou	Pathophysiology
	Physiological Function of Aging (May 1 ~)	Project Professor (May 1 ~)	ITO Koichi	Physiology
The Institute of Medical Science	Molecular Virology	Professor	KAWAGUCHI Yasushi	Microbiology
Institute for Quantitative Biosciences	Experimental Pathology	Professor	OKADA Yuki	Pathology

*Note: If you select 'Infection Control' at the Institute of Industrial Science, please enter “Infection Control (IIS)” in the field of specialization of your choice on the application form.
